FREDERICK DOUGLASS CENTER.

Sunday, September 12, at 4 p. m., Dr. J. A. Lester, graduate of Meharry Medical College, will speak on "Our Opportunity for Service." Dr. Lester is well informed on his subject and will bring many ideas worthy of our consideration. Miss Hazel Harris, of Alabama, will give piano numbers. In consequence of the many conventions taking place this month, our woman's club will not be called until Tuesday, September 21, at 2:30 p. m., when a large attendance is urged by the president. The club did good work last year, and we look forward toward the opening meeting this year. Mrs. A. D. Dickerson, president.
