

BAHÁ'U'LLÁH

(whose name means the
"Glory of God")

FOUNDER OF
THE BAHÁ'Í FAITH,
proclaimed, 100 years
ago:

"There is a powerful
force in the earth. Pray

God that it may remain undisturbed until man-
kind has perfected his spiritual qualities so
that it may be used for man's welfare and not
destruction. It can poison the earth. Its flame
can devour the cities."

Today mankind is at a crossroads.

Bahá'u'lláh offers guidance for all humanity:

"That one indeed is a man who, today, dedi-
cateth himself to the service of the entire
human race. Let your vision be world-embrac-
ing rather than confined to your own self. Ye
are all the fruits of one tree, the leaves of one
branch, the flowers of one garden. . . The funda-
mental purpose animating the Faith of God and
His Religion is to safeguard the interests and
promote the unity of the human race, and to
foster the spirit of love and fellowship amongst
men. . . The Earth is but one country, and man-
kind its citizens. . ."
