

# BAHA'I MOVEMENT'S SUNDAY LECTURES

In an atmosphere free from prejudice and void of any racial discrimination a series of lectures, "Scientific Interpretation of Miracles" will be delivered by Albert Vail Sunday afternoons at 4 o'clock in the foundation hall of the Baha'i temple, Linden Ave. and Sheridan Rd., Wilmette, with entrance on Linden Ave.

The Baha'i movement is the only organization in the world where different races congregate and each enjoys to the utmost the pleasures derived from its teachings on an equal basis. Color is forgotten, and culture reigns supreme. Mr. Vail bases his lectures on a quotation from Abdu'l-Baha: "Religion and science are the two wings with which man's intelligence can soar to the heights. It is impossible to soar with one wing alone."

Sunday, May 13, he spoke on "Bible Miracles of Healing"; May 26 his subject will be "Making the Blind to See"; June 2, "Raising the Dead"; June 9, "Walking on the Sea"; June 16, "Feeding the Five Thousand"; June 23, "Christ's Supernatural Birth," and June 30, "The Miracles of Pentecost."
