FREDERICK DOUGLASS CENTER.

Sunday, Aug. 8, at 4 p. m., Miss Marlon Wilcox will give a musical lecture with illustration in Negro folk songs. This promises to be an unique affair and very interesting. Last Sunday Dr. U. G. Dailey's lecture on "Europe" was well received. Dr. and Mrs. Woolley spent Tuesday at the Center entertaining friends from Boston, who were on their way to the Panama Exposition. They were much delighted with the Center and its activities. The Center gave open doors to the Lincoln Jubilee tag day workers Monday when the committee served lunch and received reports from those on the field. If every one displayed as much interest as Dr. Mary Waring, Mrs. Ophle Wells and Mrs. Margarette Anderson we know it would be a great success.
