## Necessity for a Quickening Power

Who, contemplating the helplessness, the fears and miseries of humanity in this day, can any longer question the necessity for a fresh revelation of the quickening power of God's redemptive love and guidance? Who, witnessing on one hand the stupendous advance achieved in the realm of human knowledge, of power, of skill and inventiveness, and viewing on the other the unprecedented character of the sufferings that afflict, and the dangers that beset, present-day society, can be so blind as to doubt that the hour has at last struck for the advent of a new Revelation, for a restatement of the Divine Purpose, and for the consequent revival of those spiritual forces that have, at fixed intervals, rehabilitated the fortunes of human society? Does not the very operation of the world-unifying forces that are at work in this age necessitate that He who is

the Bearer of the Message of God in this day should not only reaffirm that self-same standard of individual conduct inculcated by the Prophets gone before Him, but embody in His appeal, to all governments and peoples, the essentials of that social code, that Divine Economy, which must guide humanity's concerted efforts in establishing that all-embracing federation which is to signalize the advent of the Kingdom of God on this earth?—Shoghi Effendi.

Great and far-reaching as have been those changes in the past, they cannot appear, when viewed in their proper perspective, except as subsidiary adjustments precluding that transformation of unparalleled majesty and scope which humanity is in this age bound to undergo. That the forces of a world catastrophe can alone precipitate such a new phase of human thought is, alas, becoming increasingly apparent.—Shoghi Effendi.
