

## **FREDERICK DOUGLASS CENTER.**

Sunday afternoon, February 8, at 4 p. m., Mr. Charles Francis Brown will speak on South America, with stereopticon illustrations. Miss Marie Jefferson, of the American Conservatory of Music, will give vocal and piano selections. Tuesday evening at 8 p. m. there will be a joint meeting of the Child Culture Club and the Center Girls' Club, with stereopticon display by Mrs. Irene Goins. Wednesday evening the Boys' Unity Club transacted the monthly business at the supper table, when an appetizing spread was provided by the athletic leader, Mr. L. Lloyd Stone. Mrs. Edna Johnson was hostess. Saturday morning the heavy snow prevented many from attending the domestic science classes for girls. They will meet again on Thursday afternoon after school for a story hour conducted by Miss Wetmore of the Chicago Kindergarten College. The musical numbers rendered Sunday, January 25, were highly appreciated by an overcrowded audience. Mrs. Patterson of the West Side Settlement Institution and Mr. T. Theo. Taylor rendered piano solos in a most artistic manner. Miss Maud Roberts very beautifully sang two solos, which were very appropriate. Mrs. Cone gave several selections from Dunbar and was forced to respond to several encores.
