

THE MICHIGAN CENTRAL RAILROAD COMPANY in substituting white girls for colored men as waiters on some of their dining cars will find they have a proposition on their hands that will require a Philadelphia lawyer to untangle. Just wait till the Women's clubs, the Erring Girl's Society and other semi-anti-vice organizations get busy. There is a great temptation to experiment in almost every line, but common sense is a factor that should enter very largely into these tests.

EX-PRESIDENT TAFT has expressed the opinion that the Filipinos will not be fit for self-government in less than thirty years. We know of some people who have had self government since the Boston Tea Party and still are unfit to rule themselves or follow a Constitution that they themselves made. It is easy enough to see the faults in others but a difficult matter to see them in our
