

FARRAGUT FANFAIR

By **JEAN CAMERON**

Welcome Abroad . . . the sailing is fine. We are full of good cheer and well-wishing to everybody.

HAPPY BIRTHDAY: To **BONNIE JEAN HALL**, we'd like to wish her the 'the most' and the very best for her 17th.

PRE - HALLOWEEN: Seems we got a tip on something that is going to happen. A little bird told us **ROBERT Merritt**, **ROBERT Woods**, **HAZEL Robinson**, **RICHARDO Colbert**, and **MARY Gaskin** are plotting to put me through a bit of eerie pranks. Well, I've got a bit of news, too. Don't tell them **BUT** guess who will greet them at my door? . . . a big skeleton. Think that'll do it?

STUDENT OF THE WEEK: Outshining everyone for this week's spotlight is **RENAULT REED**. A really swell kid.

Upon his graduation from Farragut, Renault is not sure that he will attend any college. He feels that he will have to find a job. Well, we'll have to talk with him about that, for he's too good to die so young.

Music, dancing, and swimming takes up a lot of his time. Mr. Reed has had a year of art and typing, and two years of German. Wouldn't this count for something? He's too good to stop here.

What ever his intentions are, we all wish him the very best.

Our invitation this week came from the Baha'i Youth of Chicago. They are meeting on Sunday at Hull House. It will be our great pleasure to attend. Thanks again for inviting us.
